Mining lease - Manganese - (Bellary) - Hanapanahalli Tq - Aliginivada Reserve - block No III - Gandachar C.M.M.R.Ry - application

K 1658/32

To A.S. (Sett).

Please see the application of M. R. Ry. C. M. Gandachar of Bangalore at P 5-cf. for the grant of a mining lease for 30 years over the area (367.56 acres) previously held by Mr Pitchayya Nayudu whose lease was cancelled in PP 35-12 M/s & 6-11-31.

Please see also the calls letter at PP 1-2-cf.

The application is in the prescribed form at PP 110-111 of the Mining Manual and it has been duly stamped and the applicant has deposited Rs 500 required under rule 36) and also the cost of survey required under note (2) to rule (17). The applicant states that he has applied for a licence in respect of mica in Kollore at the area applied for has not been noted. As apparently the prospecting license has not yet been granted by the Collector it is unnecessary to call for the information required against item 4 in the application. A copy of the application has been sent by the Collector to the Director of Industries

P 5-cf.

* Achalareakelsley Pitchayya Nayudu was known only as 360.06. Vide P 2-cf. of PP 1925 M 25-8-26 (S) (K)

Note (2) under rule (34) at P 71 of the Manual

P 71 of Manual

PP 62-63 of the Manual Please also rule (40)-(iii) at P 74 of the Manual

as required at page 111 of the Manual. The application does not bear the date of its receipt by the Calk as required by rule (41) at P 75 of the Manual. Probably the Convg letter of the applicant submitting the application might have the date seal. However the Collector may be told that the applns shd also have the date seal.

This is a trivial point. Nothing need be done
Asst Supt 19/9

The area now applied for is 367.56 ac against the former area of 360.06 ac occupied by the previous lessee. The difference of 7.50 ac is in the area of S.No 200 which was mentioned as 27.90 in 1926 while it is now stated to be 35.40 ac. Perhaps it is unnecessary to request the Collector to explain this difference as it is apparently only portions of the fields that have been applied for

Please see remark at the bottom of the sketch at P 3 of (left side)

The rates of rents and royalty now recommended by the Collector are the same as those which applied to the previous lease which ran only for about five years before it was cancelled in 1931. They are the minimum rates prescribed for royalty, dead rent & Surface rent prescribed in the manual and are for approval

The applicant holds the required* certificate of approval and

there seems to be no objection to grant the lease applied for. It may be granted
